

STAR STUDENT

Dear Parents,

This year, your child will have the opportunity to be Star Student!!! In addition to spending the whole weekend with Clifford, the following schedule outlines the special events that your child may participate in:

Monday:

Bring in a few (4 or 5) pictures to share with the class. We will display them on the Star Student bulletin throughout the week!

Tuesday:

Bring in up to three special items for show-and-tell!

Wednesday:

Bring in your favorite CD for the class to listen to throughout the day!

Thursday:

- 1) A family member may read your favorite story to the class. . . **OR.** . .
- 2) Parents, you can write a letter to the class telling us how special your child is to you. Send the letter in a sealed envelope, and I will read the letter to the class during morning meeting. (The students love this!) *Ideas include, but are not limited to: things we didn't know about your child, special memories you have, silly stories, etc.

Friday:

Read and share your adventures with Clifford! If you choose, you may also perform a science experiment for the class! (Optional - contact Mrs. Sterbenz for the book of experiments.)

The other students and I are very excited to learn new things about your child! Thank you for helping to make this week a very special and memorable one!
